

MUHAMMAD AL-SGUGHOURI

Architect

About Me

Currently I am a freelance architectural designer, working with a variety of clients from five years.

The main goal in my work is to reach the main goal of the client and work to develop the level of work within the common group of engineers and experts.

Work Experience

2017

INTERIOR CLADDING

Sanadeqi Office

I worked with the architect in the work of interior cladding for several houses in different styles of architectural styles, and that was for a year and a half.
